

Air Force ROTC

[AS 120 Introduction to the Air Force Today \(1 credit, 1 lecture, 0 lab\)](#)

Survey course designed to introduce students to the United States Air Force and Air Force Reserve Officer Training Corps. Features topics include: mission and organization of the Air Force, officership and professionalism, military customs and courtesies, Air Force officer opportunities, group leadership problems, and an introduction to communication skills.

Pre-Requisite: Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps.

[AS 121 Leadership Laboratory \(1 credit, 0 lecture, 2 lab\)](#)

Leadership Laboratory is a laboratory course for Air Force Reserve Officer Training Corps cadets. The leadership laboratory course complements the academic course by providing cadets with practical command and staff leadership experiences.

Pre-Requisite: Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps.

[AS 122 Air Force Leadership and Management \(1 credit, 1 lecture, 0 lab\)](#)

Continuation of AS 120 Introduction to the Air Force Today. Designed to introduce students to the United States Air Force and Air Force Reserve Officer Training Corps. Features topics include: mission and organization of the Air Force, officership and professionalism, military customs and courtesies, Air Force officer opportunities, group leadership problems, and an introduction to communication skills.

Pre-Requisite: Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps, AS 120, AS 121, or instructor consent.

[AS 123 Leadership Laboratory II \(1 credit, 0 lecture, 2 lab\)](#)

Continuation of AS 121 Leadership Laboratory. Intended as a laboratory course for Air Force Reserve Officer Training Corps cadets and complements the academic course by providing cadets with practical command and staff leadership experiences.

Pre-Requisite: Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps, AS 120, AS 121, or instructor consent.

Air Force ROTC

AS 220 Evolution of USAF Air/Space Power (1 credit, 1 lecture, 0 lab)

Designed to examine general aspects of air and space power through a historical perspective. Covers a time period from the first balloons and dirigibles to the space-age global positioning systems of the Persian Gulf War. Historical examples are provided to extrapolate the development of Air Force capabilities (competencies), and missions (functions) to demonstrate the evolution of what has become today's USAF air and space power. Examines several fundamental truths associated with war in the third dimension: e.g. Principles of War and Tenets of Air and Space Power. Provides the student with a knowledge level understanding for the general element and employment of air and space power, from an institutional doctrinal and historical perspective. Students will be inculcated into the Air Force Core Values, with the use of operational examples and will conduct several writing and briefing style to meet Air Force communication skills requirements. **Pre-Requisite:** Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps, AS 120, AS 123, or instructor consent.

AS 221 Leadership Laboratory III (1 credit, 0 lecture, 2 lab)

Continuation of AS 123 Leadership Laboratory II. Intended as a laboratory course for Air Force Reserve Officer Training Corps cadets and complements the academic course by providing cadets with practical command and staff leadership experiences. **Pre-Requisite:** Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps, AS 122, AS 123, or instructor consent.

AS 222 Evolution of USAF Air/Space Power II (1 credit, 1 lecture, 0 lab)

Continuation of AS 220 Evolution of USAF Air/Space Power. Designed to examine general aspects of air and space power through a historical perspective. Covers a time period from the first balloons and dirigibles to the space-age global positioning systems of the Persian Gulf War. Historical examples are provided to extrapolate the development of Air Force capabilities (competencies), and missions (functions) to demonstrate the evolution of what has become today's USAF air and space power. Examines several fundamental truths associated with war in the third dimension: e.g. Principles of War and Tenets of Air and Space Power. Provides the student with a knowledge level understanding for the general element and employment of air and space power, from an institutional doctrinal and historical perspective. Students will be inculcated into the Air Force Core Values, with the use of operational examples and will conduct several writing and briefing style to meet Air Force communication skills requirements. **Pre-Requisite:** Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps, AS 220, AS 221, or consent of the instructor.

AS 223 Leadership Laboratory IV (1 credit, 0 lecture, 2 lab)

Continuation of AS 221 Leadership Laboratory III. Intended as a laboratory course for Air Force Reserve Officer Training Corps cadets and complements the academic course by providing cadets with practical command and staff leadership experiences. **Pre-Requisite:** Acceptance into the United States Air Force and Air Force Reserve Officer Training Corps, AS 220, AS 221, or instructor consent.
