SUCCEED.
SIC gives you the tools you need to succeed! Take traditional daytime classes in Harrisburg or Carmi, online classes, night classes, dual credit or early college classes. Tutoring and TRIO services are available to give you extra help for success, along with the new SIC Learning Commons!

INSPIRE.
Small classes and innovative labs led by caring, highly qualified faculty means more opportunities for hands-on learning and engaging discussion.

CONNECT.
The variety of clubs, organizations and teams available to students means there’s something for everyone! Get involved and meet other students from around the region and even the world!

Train to go directly into the workforce at SIC with career and technical programs.
Paying for College

#Affordable

$106 per credit hour
(among lowest in state)

Students can save
$40K in overall college costs

70% of students receive some form of financial aid or scholarships
“People don’t always realize the tremendous value a scholarship offers to a young person trying to reach a career goal... For me, receiving scholarships has lifted a huge weight because paying for college has been a major concern of mine.”

~Bridget Payne
2018 Harrisburg High School Graduate
Major – Education with Agriculture emphasis

#CaringInstructors

“I am 3 weeks into engineering school at SIUE, and so far things are going great! My classes are very difficult, and I must say that if it weren’t for you teaching me how to properly study and pushing for me to get my homework done, I would have probably been forced to drop by now. The work is intense, but so far I am doing very well, I believe!”

~Jamison Williams
2019 SIC Alumni & SIUE Transfer Student
