Math and Science Majors at 2015 Honors Night

Math and Science majors were well represented during the April 28, 2015 Honors Night celebration at Southeastern Illinois College. The Eva Gersbacher Memorial Biology Award was presented to Ryan Luce of Harrisburg, Illinois. Luce is pursuing coursework toward a degree in medicine. He was also the co-recipient of the Sam Porter Freshman Chemistry Award.

The other recipient of the Freshman Chemistry Award was Hunter Ragan of Harrisburg, Illinois. Ragan is pursuing coursework toward a degree in pharmacy. He was also a co-recipient of the Gladys and Raymond Carroll Memorial Scholarship.

The Sam Porter Sophomore Chemistry Award was presented to Meredith Wolfe of Harrisburg, Illinois and Nathaniel Jones of Clarksville, Indiana. Wolfe, a member of the Forensic Falcons speech team, is pursuing coursework toward a degree in medicine. She was also recognized as one of the recipients of the USA Today All-Illinois Academic Team. Wolfe was also honored as the Spirit of Southeastern; the oldest award presented, it represents the ideal student who represents academic and community achievement. Jones, a member of the Falcon Baseball team, is pursuing coursework toward a degree in pharmacy.

The June Rice Malan Memorial Math Award was present to Chad Barger of Harrisburg, Illinois. Barger, president of the Math and Science Club, is pursuing coursework toward a degree in mechanical engineering.

In addition to the four math and science honorary awards, majors were recognized for various other awards. Peyton Robinson of Hardin County received the Rosiclare Chapter #971 Order of Eastern Star Scholarship. Robinson is pursuing coursework toward a degree in medicine.
Jeremy Hicks of Hardin County received the Delta Shrine Club Scholarship. Hicks is pursuing coursework toward a degree in electrical and computer engineering.

Colton Edwards of Eldorado, Illinois received the Eldorado Women’s Club Scholarship. Edwards is pursuing coursework toward a degree in the sciences.

Luke Marsh of Norris City, Illinois was a co-recipient of the Gladys and Raymond Carroll Memorial Scholarship. Marsh is pursuing coursework toward a degree in engineering.

Numerous other majors received recognition as members of the Honors List and/or Who’s Who in American Universities and Colleges. Congratulations to all honored Math and Science Majors!
