Thank you for inquiring about nursing at Southeastern Illinois College. Nursing is a diverse, rapidly growing profession, and Southeastern Illinois College provides nursing students with a strong foundation in the basic concepts of nursing. The nursing profession is the number one occupation for employment growth projections for 2006-2016. Nurses are employed everywhere in our society: hospitals, clinics, nursing homes, hospices, home care, outpatient surgical centers, schools, industry, correctional institutions, private practice, judicial systems, and churches. If you are interested in a profession that provides you numerous opportunities to care for people in many different settings, as well as personal and professional growth, we urge you to consider a career in nursing.

At Southeastern, the nursing faculty is readily available to assist students and is committed to nursing education. Southeastern Illinois College offers many support services to assist students in the nursing program.

Additional information on both Southeastern Illinois College and the nursing program is available on our website at www.sic.edu/nursing

Please feel free to contact any of us for additional information or assistance.

Sincerely,

Amy Murphy

Amy Murphy, RN, MSN

PRACTICAL NURSING PROGRAM
ADMISSION POLICY STATEMENT

Any applicant to the Southeastern Illinois College Practical Nursing Program must follow the Admission Procedure approved for the Southeastern Illinois College Practical Nursing Program. (This procedure includes the admission procedure for Southeastern Illinois College.)

ADMISSION TO THE PROGRAM IS NON-DISCRIMINATORY CONCERNING RACE, CREED, RELIGION, GENDER, NATIONAL ORIGIN, OR DISABLING CONDITION WITHIN THE ABILITY TO CARRY OUT PERFORMANCE TO THE STANDARDS OF THE PROFESSION.

Preference will be given to in district residents of Southeastern Illinois college District #533. Employees of Southeastern Illinois College with staff/spouse/dependent waivers will be considered as in district for ranking purposes. Proof of residency is required at the time of application to determine residency status and must be submitted no later than the deadline date for application to the program for ranking purposes. Any change in residency after the application deadline will not result in a change in the acceptance list for that year. An out-of-district student who establishes residency after the application deadline may reapply the following year as a resident of District #533. Special Counties: See College Handbook.

The information in this admission criteria packet therefore is the correct guidelines to follow for the Southeastern Illinois College Nursing Program requirements for entrance.
ACCEPTANCE REQUIREMENTS

Application files will be evaluated and acceptance will be by rank order using the following criteria for acceptance.

1. Required **58.7** on the pre-entrance exam: The TEAS V, Assessment Technologies Institute (ATI.) Applicants will be ranked, according to the TEAS V score. The top 60 will be admitted for the full-time traditional PN Program, the top 20 will be admitted for the full-time hybrid-online program, and the top 20 will be taken for the part-time traditional PN Program (which begins every other odd year in January.)

2. Completion of **ALL required prerequisite** courses with a grade of “C” or better.
   *Grade Point Average will be calculated only for prerequisite courses required for the PN program, if there is a tie on the TEAS score.*

3. In the event that these calculations are tied an overall Grade Point Average will be calculated and used for entrance to the Nursing Program.

4. **ALL prerequisite** course grades must be completed **prior to start of program** with a grade of “C” or better.
   
   **A. Required Prerequisite Courses:**
   1. English 121
   2. Psychology 121
   3. Biology 161 or Biology 261 and Biology 262
   4. NUR 195
   5. NUR 153

5. RETURNING STUDENTS: Students who exit the program for reasons other than health issues, must complete the application process, including admission and other required testing, and will be ranked as a returning student as program space permits. Returning students must reapply for the next academic year to receive credit for current nursing coursework. If a student reapplies after the next academic year, all nursing courses must be repeated. After the student has exhausted two attempts in the PN or ADN program, he/she must wait a minimum 5 years to reapply. Students entering the program for the third time will be required to retake all nursing program classes. Students may not reapply after the third attempt.

*Note: The hybrid-online PN program requires that the student has completed at least one 2 credit hour online course with a grade of “B” or better prior to admission.*

CPR (131 or 133) – Healthcare Provider Certification must be verified before clinical attendance. Will accept current Healthcare Provider Certification from AHA instructor. Certification must be valid through the program’s end.

Final acceptance to the program requires that all of the above criteria be met. Failure to meet any of the requirements will make the applicant ineligible for enrollment in the program. It is the student’s responsibility to ensure that all requirements have been met.
1. Submit a student information form to the admissions office at SIC. The form may be completed electronically at Southeastern’s website. www.sic.edu/apply
2. Provide proof of graduation from an accredited high school or submit proof of having successfully completed the GED exam.
3. Submit official transcripts from all high schools (or official GED exam scores) and post-secondary institution attended.
4. Attend an advisement meeting regarding the Practical Nursing program. Signature on sign-in form is required as proof of attendance.
5. Submit an application for the Licensed Practical Nursing Program during attendance at the advisement meeting. Nursing program applications will only be accepted during the scheduled group advisement meeting (please see schedule of meeting dates). The deadline date for the LPN program is March 31 for completion of the application process. It is the applicant's responsibility to verify that all information has been received prior to the March 31 deadline.
6. Register to take the TEAS at SIC. Exam dates are by appointment, call 252-5400, ext. 2442. Prior to taking the TEAS test make payment to the SIC Business Office of $55 for TEAS testing fee. Make check or money order payable to Southeastern Illinois College. No refunds. Provide receipt as proof of payment on your scheduled test date.
7. Take the standardized pre-nursing TEAS examination at Southeastern. The TEAS scores will be used to rank admission to the program. Applicants may take the exam a maximum of two times during the approved testing period, to improve their scores, if they so choose. The highest score will be used for ranking. If the student is transferring a TEAS V score taken at another college, the student is responsible for making arrangements with ATI for the transfer, as well as for all costs incurred with the transfer. The examination must be taken in time for scores to be received by the college prior to the deadline of the program. Students who are reapplying to the program must retake the TEAS exam for continuation.
8. Applicant files will be evaluated and a rank ordering of those with complete files will be done after the March 31 deadline. Provisional letters of acceptance will be sent to applicants from the Director of Nursing after the March 31 deadline. Complete file means that the SIC student information form AND the application to the LPN Program are present. Also, the transcripts, TEAS test scores, documentation of advisement meeting attendance, and proof of successful completion of prerequisite requirements must be present. Please note students have until the end of the Summer 2015 semester to complete prerequisites.
9. Prior to clinical attendance, the student must provide the Nursing and Allied Health Department with:
   a. Documentation of specific health screening and immunizations as required by the clinical agencies
   b. Proof of current personal health insurance coverage or signed waiver
   c. Current CPR certification valid through the program end date.
Health Screenings/Immunizations

Once notified of acceptance, prior to clinical attendance, applicants are required to submit evidence of satisfactory health. The health report (physical exam) must indicate that the provider approves the nursing candidate to physically and mentally perform all functions and procedures common to nursing practice. The physical exam form includes:

1. Completed physical exam after receiving notification of acceptance to the PN program.
2. Immunizations/Titers*:
   a. Results of a Rubella (German Measles) titer*
   b. Results of a Mumps titer * OR record of 2 MMR immunizations
   c. Results of a Rubeola (Measles) titer* OR record of 2 MMR immunizations.
   d. Results of a current Two-Step TB skin test. This must be good through the end of the program. Healthcare workers should be tested annually for TB.
   e. Proof of compliance with the Hepatitis B vaccination policy.
   f. Results of Varicella (Chickenpox) titer* OR record of vaccination. Documentation of the disease itself is not sufficient. The applicant must have a titer showing sufficient immunity or the vaccine.
   g. Results of Pertussis (Whooping Cough) titer* OR record of vaccination.
   h. Record of yearly flu shot given between mid-September and your first clinical.
   i. Proof of tetanus vaccine within the last ten years.

*An antibody titer is a laboratory test that measures the level of antibodies in a blood sample. This determines if you need a booster immunization. Immunoglobulin G (IgG) is an antibody isotype.

If the physical examination indicates that the candidate cannot perform the duties required in a nursing program, the student may not participate in the program.

TRANSFER STUDENTS

An official transcript must be sent to SIC Enrollment Services by the end of summer 2015 semester. An SIC advisor will evaluate the general education courses needed for transfer and determine if the course content is comparable and the applicant’s grade is satisfactory for transfer. All coursework/prerequisites must be completed with a ‘C’ or better for acceptance into the program. It is the applicant’s responsibility to verify that all transcripts have been received by SIC Enrollment Services and evaluated. All LPN nursing courses must be taken at Southeastern Illinois College.

The following 6 questions do not need to be answered on this application; this is just for your information and for you to recognize that the answers could affect licensure.

The application process for licensure in the State of Illinois requires that the applicant answer the following questions.

1. Have you been convicted of any criminal offense in any state or in federal court (other than minor traffic violations)? If yes, you will be required to obtain a certified copy of the court records regarding your conviction.
2. Have you been convicted of a felony?
3. If yes, have you been issued a Certificate of Relief from Disabilities by the Prisoner Review Board? If yes, you must provide the certificate.
4. Have you had or do you now have any disease or condition that interferes with your ability to perform the essential functions of your profession, including any disease or condition generally regarded as chronic by the medical community, i.e., (1) mental or emotional disease or condition; (2) alcohol or other substance abuse; (3) physical disease or condition, that presently interferes with your ability to practice your profession?
5. Have you been denied a professional license or permit, or privilege of taking an examination, or had a professional license or permit disciplined in any way by any licensing authority in Illinois or elsewhere?
6. Have you ever been discharged other than honorably from the armed service or from a city, county, state or federal position?

I understand that providing false information on this application may cause the applicant to be excluded from acceptance into the PN Program.

I also understand that I must attend an advisement meeting and complete the application/admission testing process by the deadline for the program to which I am applying. Failure to do so will affect the application status for the program.
